

## **VISION**

In addition to the University of Nairobi vision, the Kenya Science Campus shall be a leading Centre of excellence in teacher education in science and technology, open learning, research and community service for sustainable development.

## **Mission**

Furtherance of the mission of the University of Nairobi, the Kenya Science Campus aims at maintaining a leadership role in the generation, acquisition, application, dissemination and preservation of knowledge as well as consultancy and research, providing teacher education in Science and technology and creating an environment in which the frontiers of knowledge are extended.

## **Core Values**

The attainment of our mission and vision is contingent upon a set of core values. Consequently the Campus shall:

- Espouse the virtues of truth, integrity, honesty, tolerance, professionalism, team-work and meritocracy;
- Uphold the ethics and etiquette of teaching, learning and research;
- Promote and defend the freedom of thought and academic enquiry as well as freedom of association;
- Be creative and innovative and have the courage to initiate and adapt to change;
- Ensure openness and transparency in all its dealings and operations;
- Nurture responsible corporate citizenship and strong social responsibility.
- Be at the forefront in providing leadership in matters pertaining to Science and Technology teacher education and professional development;
- Respect constructive beliefs and values of others;
- Respect and protect the environment.
